

TuffEdge

With Resin Option

Cape's TuffEdge is an easy to clean and durable urethane edge table top. A favorable solution for frequently cleaned office tables to ensure disinfected work spaces.

- Highly cleanable, seamless antimicrobial surface
- Once cured, a TuffEdge table top has an integral seamless edge, impermeable to moisture, creating a moisture proof table top
- Completely sealed, making the entire top seamless (impact resistant, no splitting, no cracking)
- Resistant to all chemicals including PURE undiluted bleach, once wiped down it creates a residue free antimicrobial, bacteria & virus free surface
- Resistant to flame
- Will not change color or break down over time
