

## WALS™ and WALS-X™

WALS™ is a great solution for partitioning spaces for privacy, social distancing and noise abatement. The award-winning product moves with ease to configure your space into a private sanctuary.

- Available in anti-microbial fabrics that help stop the spread of disease
- Portable and lightweight
- Wheels can be all wood or include tires for optimal rolling
- Control noisy environments through the use of our patented Revolution® core technology
- 270° hinge allows for creation of enclosed shapes from one product
