

Specialized furniture line providing solutions for collaborative, training, event, and classrooms, and other education spaces

Rollers™ Mobile Tables

Roller Mobile Tables allows for super easy and quick room space reconfiguration. These tables can be easily moved for different layouts, set to different heights and nested for storage, all with stunning convenience. And all Rollers™ portable tables feature MAXX Edge® for amazing, seamless durability.

NIMA™

Created by award-winning designer Giancarlo Piretti. Includes options for desk, bar, and counter heights. Highly customizable with 12 available shell colors and 5 different finish options, or upholstery option. A high-density stacker (up to 20 sled-base on a dolly).

Revolution® Folding Tables

An extremely durable and exceptionally lightweight table. At 1.7 lbs/sqft, Revolution table tops are approximately 1/3 the weight of Particleboard/MDF. That is 66% lighter, yet incredibly strong. These folding tables combine a lightweight core along with the convenience and flexibility of folding legs.

Snap™ Portable Tables

Hexagonal shaped tables gang together or stay separate and are height adjustable. Super adaptable to any meeting scenario. Poured urethane MAXX Edge® prevents food and bacteria collection. Nesting base allows for extra compact storage when not in use.

The Original Acton Stacker®

One of the most versatile chairs available. Its ergonomically-sculpted seat and back provide comfort even after long hours of sitting. The iconic design is timeless and offers unequalled flexibility to provide the correct chair for countless seating applications.

Scissor Table™

Center-folding conference, dining and multi-purpose table on casters. Designed with zero pinch points for safety and to fit through doorways and in elevators. Features concealed power cord within column. Wilsonart or Formica laminate surface options and 1000s of edge color options.
